Analysis:
Overall a slight reduction in average and 85th percentile speeds and slight reduction in the percentage of speeders but still around 25%. Total vehicle counts was down to 11,485 from 17,355 in Jul 2024.
The Burnthouse Drove Rd Closure over the weekend 15/16th Feb at the Main gate to RAF Marham made little difference to that speeding compared to the rest of the month but it did see a marked reduction in traffic volume, down by c33% from 60+ at 08.30 and 15.30 to 40 per hr in the morning and 30 per hour in the afternoon (See below) it is unclear why traffic would reduce at the weekend when the expectation was that the closure would increase traffic through the village.
